Guidelines for Academic Credit

**Nature of qualifying work:** The work experience must be related to the student’s major in Business. Moreover, the work experience shall be equivalent to the type(s) of entry-level, professional work relevant to an Oregon State University graduate. There is a presumption that the student will have completed a sufficient amount of upper division business program coursework upon which the internship is based.

**Supervision:** The work of the intern shall be supervised by a worksite professional. The level of supervision should correlate to the nature of the work and the experience of the intern.

**Academic Credits:**
- The number of academic credits earned will be determined by the BA 410 faculty supervisor
- A maximum of 6 credits can be earned per term
- BA 410 is offered on a P/N grading basis only
- BA 410 may be repeated to a maximum of 16 credits

**Timing:** Retroactive approval or credit for previous work experience will not be granted. All arrangements must be finalized prior to the start of the internship. The student must register for the BA 410 internship credits in the term in which the internship experience actually occurs. Please submit the form at least one week prior to the start of the term to ensure adequate time for approval and registration.

**Note:** International students are responsible for obtaining necessary approvals and filing the appropriate visa paperwork to allow them to participate in paid internships. These forms can be obtained from the International Student Advising Services Office in the University Plaza and the ILLC.
