

## **Summer Program options:**

### **Oregon State University College of Business**

Students who wish to pursue a summer 2016 option overseas may wish to consider one of these summer institutes. Those with which OSU has an exchange agreement may find additional savings, or even **free** options for summer study!

Please visit the sites below for more information on these programs. See an Academic Advisor to discuss class offerings that would work for your program of study. All of these programs offer courses of general interest, cultural learning opportunities and are credit-based programs. Not all will provide business-related coursework, and none will provide you with the International Business Option (2<sup>nd</sup> major). Students typically take 1-2 courses on these programs.
